* Envy, is a trait which the Torah says drives a person from this world. Our love for our fellow Jew is stunted. Even worse, *kinah* destroys our faith in Hashem as well, as we constantly question His supervision of the world. On Tish'a B'Av, the day that marks the Jewish people's national tragedy because of *Sinas Chinom*, we learn how to rebuild the Bais Hamikdosh with *Ahavas Yisroel*. In this presentation, two world renowned speakers, **HaRav Mattisyahu Salomon** and **Rabbi Paysach Krohn**, address this issue, from a new and inspiring perspectives.
